JUDGES SUPPORT RED CROSS

Will Aid in Tuberculosis Campaign—Any County Can Have Hospital.
The Missouri Association of County Judges unanimously passed a resolution yesterday endorsing the work of the Missouri Anti-Tuberculosis Association, and promised its support in obtaining county nurses, county hospitals, and favorable legislation.
The last legislature of Missouri passed an act whereby any county, or group of counties, wishing a tuberculosis hospital, can obtain it by a majority vote at any election. Such a proposition must be put to a vote if a petition signed by 5 per cent of the tax payers is submitted to the county court.

The sale of Red Cross seals on Children's Day was satisfactory, several schools sending to headquarters for additional seals. The pupils of the University Elementary School will have a Red Cross booth at their Christmas bazaar tomorrow afternoon.

TO TEACH FARMING BY MAIL

College of Agriculture Offers Preliminary Short-Course Work.

The College of Agriculture is planning a correspondence course open to any one in the state, according to A. J. Meyer, secretary to the dean.

This course is primarily arranged for prospective short course students. Arrangements are being made by which the first term can be completed at home and the second taken at the college. The scope of the course will be determined by the demand for it.

In addition, the college is willing to give any assistance possible to high schools in carrying on their work in agriculture. A number of bulletins, termed the "Teachers' Pack," will be mailed free to any teacher upon request. It is especially urged that the pupils write directly for bulletins or any other information which they desire.

CUTLER TO TALK IN ST. LOUIS

But Food Inspector Was Blissfully Ignorant of Date Till Last Moment.

An example of how Dr. William P. Cutler's time is taken up and how engagements are made for him was shown in this morning's mail. A program for an entertainment in St. Louis was sent him on which he was scheduled to speak at a meeting tomorrow afternoon. This was the first time that Doctor Cutler had heard anything about the entertainment or knew that he was even invited to speak.

Doctor Cutler has an open date for tomorrow and will go to St. Louis to address the meeting. He will speak on "Pure Foods" to the Washington School Mothers' Club.

Philological Associations Meeting.

George A. Underwood, instructor in romance languages, will talk on "The First Criticism of Mme. de Staël" at a meeting of the Philological Association at 8 o'clock Friday night in Room 33 Academic Hall.

P. E. O. Meets.

The objects and aims of the P. E. O. Club were discussed in a paper by Mrs. E. W. Crouch, president, at a meeting of the club yesterday afternoon at the home of Mrs. C. H. Eckles.

Poultry Judging Contest Here Soon.

A poultry judging contest will be held here in January in connection with the Boone County poultry show. The students in the poultry judging class will compete.

Bates County Students to Meet.

The Bates County Club met last night at the Y. M. C. A. Building to discuss ways to advertise the University at home Christmas.

Concentration

Many of the world's
greatest scholars say
that good tobacco
helps the mind to
focus its faculties. If
that is true, where
could you find a more
delightful aid to con-
centration than

Velvet
THE SMOOTHEST TOBACCO

Made of tender mid-
dle leaves, to which
long aging has given
a temptingly satisfy-
ing flavor and a vel-
vety mellowness that
wooes your senses and
smoothes out the
wrinkles of your brain.
